will soon pay us a visit as we hear he
is to remain thro' the winter.

My dear Frenia

Tomorrow, they tell me, thou
 art to leave England for thy own
 native land of wonderful anomalies
 "the eagle nest of liberty" where 3 mil-
 lions of slaves are in chains. I do
 not like to let thee go without sending
 thee my hearty best wishes whether
 He who has called thee to so good
 & work may give thee long life to
 see its glorious consummation or
 cut it short in the midst. I do
 feel it a great pleasure & a great
 honour to have had thee under
 my roof & in so saying I do not
 fear that thou wilt think I speak
 flatteringly for I firmly believe
 that nothing but the Grace of our
 Lord & Saviour Jesus Christ could
 have enabled thee this good report
